Your mission

As a team, **co-create** a media education sequence that addresses one or more of the issues of AI in the media.
To **equip** media education trainers and resource centers in Europe with training guidelines and materials

How can we provide training in AI while paying attention to the nature of its uses?

How can we train in AI while taking all the issues into account?

Objectives

- Responding to one or more of the issues raised by TADAM

- Innovative (in terms of the angle covered and the nature of the activities)

- Target audience clearly identified

- Relevant and transferable

- Can easily inspire other educational players: Open Access.

- Can easily be translated into other languages or other contexts
